

# EXOTIC & Pebbles & Aggregates

2012-13 Product Guide

[www.exoticpebbles.com](http://www.exoticpebbles.com)

# Company Profile

Exotic Pebbles & Aggregates was established in 2003 in Brisbane, Australia. In 2008, Exotic Pebbles brought its unique concept to the United States and from their headquarters in Carlsbad California, offers America's largest range of polished and unpolished pebbles & aggregates. These hand sorted and ecologically friendly products offer the consumer an alternative to non-green products currently on the market.

In December 2010, Exotic Pebbles & Aggregates purchase of a state-of-the-art glass making facility in Phoenix, Arizona transformed the company into the leading manufacturer of post consumer 100% recycled glass. As one of the only US manufacturers of tumbled colored glass, Exotic Pebbles proudly supply the largest range and highest quality landscape glass, terrazzo glass and fire glass in the industry.

Our first class customer service along with Exotic's large inventory of pebble & glass products, allows for quick delivery times while ensuring the best pricing in the industry.

# General Formulas

- SQUARE FEET = LENGTH x WIDTH
- CUBIC FEET = SQUARE FEET x DEPTH
- CUBIC YARDS = CUBIC FEET x 27
- SQUARE FEET (circle) = LENGTH x WIDTH x .78

## Coverage Rates

### CALCULATIONS

Coverage rates are measured in pounds (lbs) per square feet at a depth of 2 inches.

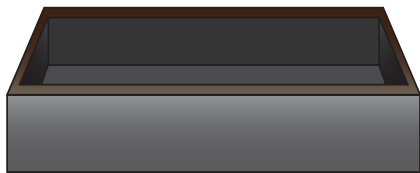

PRODUCT	POUNDS PER SQUARE FEET		SQUARE FEET PER BAG	
	1" DEPTH	2" DEPTH	25 lb. BAG	50 lb. BAG
Pebbles	9 lb.	18 lb.	N/A	3 Sf.
Glass	7 lb.	14 lb.	3.5 Sf.	N/A

\* Pebbles square feet per bag measured at a 2" depth.

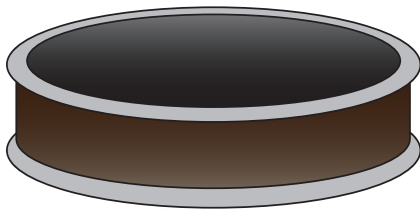

\*\* Glass square feet per bag measured at 1" depth.

\*\*\* Coverage rates are only a guide.

### FIRE PIT / FIRE PLACE CALCULATIONS

- 1: Measure the LENGTH of the fire place left to right in inches
- 2: Measure the DEPTH of the fire place front to back in inches
- 3: Multiply these two numbers (Length x Depth)
- 4: Multiply this number by the HEIGHT of the fire place in inches
- 5: Divide the new number by 19
- 6: This is the amount of glass you require in pounds (lb.)

- 1: Measure the DIAMETER of the fire pit in inches
- 2: Measure the DEPTH of the fire pit or the DEPTH of glass you require in inches
- 3: Multiply the DIAMETER by the DIAMETER
- 4: Multiply this new number by the DEPTH of the fire pit (Step 2)
- 5: Divide the new number by 24
- 6: This is the amount of glass you require in pounds (lb.)

# Decorative Pebbles

Exotic pebbles offers America's largest range of polished and unpolished pebbles and aggregates. These hand sorted and ecologically friendly products offer the consumer an alternative to non-green products currently on the market, and can be utilized in many applications such as:

- Pebble mulch in interior or exterior garden beds
- Water Features
- Aquariums / Ponds
- Swimming Pools
- Flower Arrangements
- Walkways
- Exposed Aggregate Flooring
- Potted Plants

**POLISHED  
WHITE 3/8"**

**MIXED  
1/4" - 1/2"**

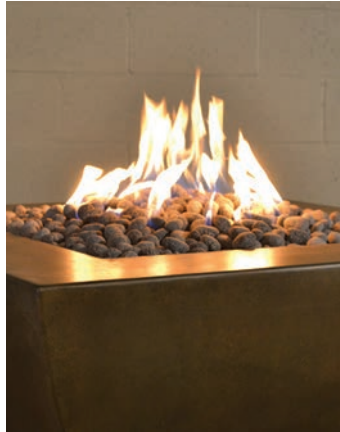

**SNOW  
WHITE 3/8"**

**POLISHED  
MIXED 3/8"**

## Application Ideas

# Glass Manufacturing

In December 2010, Exotic Pebbles & Aggregates purchased a state-of-the-art glass making facility in Phoenix, Arizona, and is only one of two companies in the United State to offer USA made products. Exotic Glass products are 100% recycled. We purchase post industrial glass window scraps and glass bottles from various domestic sources then re-melt and re-process the glass to ensure the highest quality and most consistently colored and sized finished product. All our glass is tumbled to remove sharp edges, and can be used in many applications including:

- Firepits/ Fire Places - Landscaping (mulch) - Terrazzo Flooring
- (Aquariums - Countertops - Swimming Pools)

## LEED Certification

Depending on the application of our recycled glass products in a given project, LEED credits may be claimed by using our glass. Credits that may be claimed include:

- |                      |   |
|----------------------|---|
| MR CREDIT 1.1        | - Building reuse credit (1 point)                     |
| MR CREDIT 2          | - Construction waste management credit (1-2 points)   |
| MR CREDIT 4          | - Recycled content credit (1-2 points)                |
| MR CREDIT 5          | - Regional materials credit (1-2 points)              |
| IE QUALITY EQ CREDIT | - Low-emitting materials - flooring credit (1 points) |
| ID CREDIT 1          | - Innovative design credit (1 point)                  |

Only the US Green Building Council can award LEED Certification.

**RED**

**COBALT BLUE**

## Sizes Available

**SMALL 1/4" - 1/2"**

**MEDIUM 1/2" - 1"**

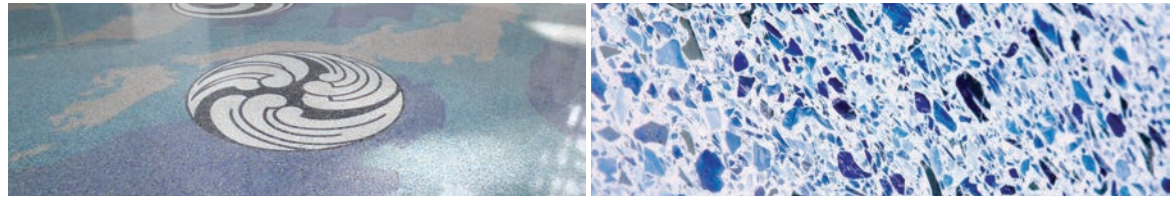

**LARGE 1" - 2"**

## Application Ideas

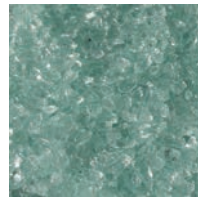

# Terrazzo Glass

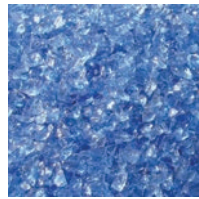

Terrazzo flooring has a long and rich history that dates back over 1500 years. Created centuries ago by utilizing the waste chips from slab marble processing, terrazzo flooring continues to provide the ultimate in durability and low maintenance, typically lasting the life of the building. Recycled glass chips are a modern addition to this ancient flooring method and can be used in epoxy terrazzo or sand cushion cement terrazzo to create vibrant patterns and flooring designs.

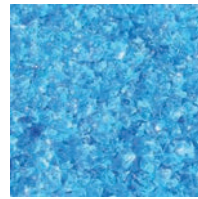

## Colors Available

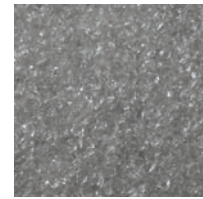

**AQUA**

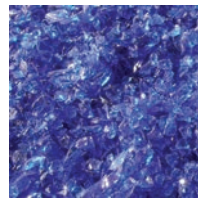

**LIGHT BLUE**

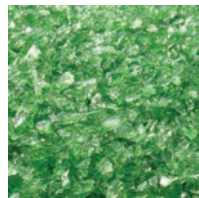

**TURQUOISE**

**ICE CLEAR**

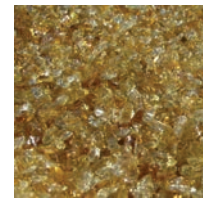

**DARK BLUE**

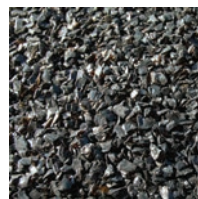

**LIGHT GREEN**

**GREY**

**CHESTNUT**

**BLACK**

**PURPLE**

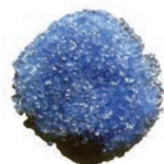

**AMBER**

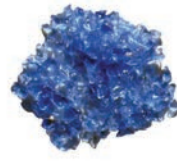

## Sizes Available

**SIZE: 00**  
1/32 - 12/16"

**SIZE: 0**  
1/16" - 1/8"

**SIZE: 1**  
1/8 - 3/8"

**SIZE: 2**  
1/4 - 3/8"

**SIZE: 3**  
3/8 - 1/2"

# Packaging

2lb. Retail Jar

10 lb. Glass Box

25 lb. Bag Glass

50 lb. Bag Pebbles

Wooden Crate

5 lb. Bag/10 Bag Carton

Wrapped Pallet

1 Ton Sack

Glass Sample Pack

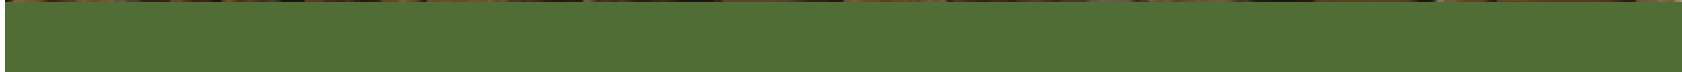

Pebble Sample Pack
